GNDS Philips LFH DPM9600 with SpeechExec Pro software

The Philips Digital Pocket Memo 9600 series sets new standards in advanced functionality and style. Voice commands, on-board file encryption and password protection are but a few of the powerful features of the 9600. The ergonomic design lends itself to unparalleled user friendliness to create dictations, and the intuitive controls are easy to use. Coupled with SpeechExec Pro Dictate, the network-based dictation software and a docking station for uploading your files, the new 9600 is the ultimate in digital dictation.
