

SIMPLY WORKING SMARTER

## VISIBLY SMARTER DICTATION AND TRANSCRIPTION

### TRANSCRIPTION / DICTATION KIT

ANALOG

Executive Desktop Kit 730 combines advanced dictation and transcription facilities with a Visual Workflow Display. This automatically shows the machine's operating status at-a-glance and is invaluable for co-ordinating your workload, by identifying the number, priority and length of jobs on the tape. In addition, features like Telephone Recording, hands-free Voice-Activated Recording and a Sensitivity Switch aid the production of clear dictation. And End-of-Letter Index tones, Priority and Special Instructions help your assistant to transcribe documents according to your requirements.
